TO WHOM IT MAY CONCERN:

We, at Guardian Angel, are happy to recommend Donna Malone for pet behavior counseling and obedience training. We have worked with Donna for a number of years now. She is extremely knowledgeable and her work has been very professional, prompt and at a reasonable price. Donna has worked with many of our dogs. Some of them we felt, had such problems we did not think they were adoptable, but she turned these dogs around and they became great family pets.

Donna has been and is a valuable resource for us and I do not hesitate to recommend her services to our foster families and/or any other pet owner whose pet is in need of behavior counseling or training.

If you have any questions, please do not hesitate to contact me at: 901-358-8700

Yours truly,

Barbara G. Snodgrass
